EVENTS

FOUNDED TO SUPPORT BUSINESS VITALITY & VIVACITY

VIGOR EVENTS

Vigor-Events is a subsidiary of Vigor-Enterprise, which was founded by a team of energetic young entrepreneurs. Vigor-Events is a first-class seminars house for the sophisticated cultural audiences in the Middle East and North Africa region. Beyond the scope of routine event management, Vigor-Events is focused on transforming the concept of seminars and conferences. It brings together the world's most prominent leaders, speakers, and authors from a wide range of fields. The aim is not only to hold discussions, but to hold discussions which develop solutions for the world we live in.

The strategy is to focus on important problems and business challenges facing society, the business community and the individuals in the region. This can only be possible when the right forum is available for industrial, economic, financial, political, social and cultural thought leaders to discuss their issues. For this reason, the driving motto of Vigor-Events is "encourage frank and open dialogue".

We, at Vigor-Events, have a dedication to being totally responsive to our regional clients' requirements through the development of strong business relationships and international partnerships. We invest time to understand clients' needs to achieve a deep understanding of how their organizations work. This in turn allows us to become a highly valued partner in the human development process.

Seminars & Keynote Speeches

Vigor-Events provides a variety of interactive business seminars. Our seminars are designed to be effective and beneficial discussions on specific topics. Vigor-Events is in constant direct contact with companies and governments to obtain detailed feedback about changing professional development needs and issues of up-and-coming interest. Seminars are developed for specific vertical industries as well as organizational functions. All seminars are typically offered in a public setting. They are also easily customized to focus on the specific needs of a company, nonprofit, government, or military organization.

Conferences

Vigor-Events lends a hand to the regional organizations in order to benchmark its business against industry best-practice at one or two-day case-study driven seminars and conferences. Moreover we present the extra practical skills our clients may need at post-seminars interactive workshops.

Vigor-Events conferences address critical issues that direct the attention of today's business leaders and managers. The practical value of the content delivered rests with the case studies, presented by leading practitioners who deal with the real business challenges every day. With integrated discussion time, we ensure that no program is overloaded, and there is ample time for discussion and reflection on the key issues. Our interactive program format creates an environment that facilitates shared learning and networking. Participants will learn from industry leaders, best practice organizations, and each other.

A group of people, mostly men wearing dark baseball caps, are participating in a team-building exercise. They are all looking down at a rope or a similar object they are holding. The image is partially obscured by a large blue and grey geometric graphic on the left side of the page.

Team Building Events

Vigor Events offers a wide range of team building activities and events to increase the morale and productivity of any work force. Our experts are well-trained to develop unique team-based events and solutions for our corporate clients. This may range from fun actions to targeted and tactical initiatives that merged into a broader business plan.

We support our clients to achieve a set of the critical organizational objectives through various motivational team building activities. Our clients always look ahead to remarkable results, therefore when we build a team work event we pay attention, question, realize – and then generate, design, and deliver the proper events.

Special Events

As we believe that building communities from the inside out builds stronger, more self-reliant communities, and by acting as an events and seminars organizing company. Vigor-Events team works to strengthen and enhance communities. We design a variety of community events including sports, fun days, and motivational events that greatly improve places where people work, live, play or just come to enjoy.
